THE EUROPEAN ZEOLITE ASSOCIATIONS**
Portorož-Portorose, Slovenia
2-6 July 2023

Dear colleagues,

I would like to draw your attention to the 9th Conference of the Federation of European Zeolite Associations (FEZA 2023), which will be held in Portorož-Portorose, Slovenia, from July 2-6, 2023. The conference is organized by the Slovenian, Croatian and Serbian zeolite associations under the auspices of the Federation of European Zeolite Associations (FEZA) and aims to cover all aspects of science and technology associated with ordered porous materials - from zeolites and zeotypes to metal-organic frameworks and mesoporous materials.

The conference traditionally brings together scientists from academia and industry with the goal of sharing the latest ideas for the mutual benefit of both basic research and industrial applications of porous systems. Under the theme "Porous Materials for a Green Future," FEZA 2023 will address the latest environmental and energy solutions based on porous materials, in line with advanced synthesis procedures, characterization, modeling, data analysis approaches and testing for target applications.

The conference, which will also be preceded by a Pre-Conference School, will consist of plenary and keynote lectures, oral presentations and poster contributions.

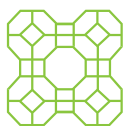

As a chair of the organizing committee, I would be delighted if you would accept our invitation and join the event as a sponsor. You will have the opportunity to present your company and products according to the packages attached.

For further information, please contact us by e-mail at secretariat@feza2023.org

Awaiting your response, we warmly welcome you.

Sincerely yours,
Organizing Committee FEZA 2023

ABOUT PORTOROŽ – PORTOROSE

Portorož (Slovenian) or Portorose (Italian), meaning 'Port of Roses', is located in southwestern Slovenia in the municipality of Piran. The town of Portorož-Portorose is known for its spas and health resorts on the Adriatic Sea. The town has a long history of wellness and healing, with thermal baths in brine and salty mud dating back to the 13th century. Portorož-Portorose also offers many other activities, such as various beaches, sports, water sports and entertainment such as music and other live events (see <https://www.portoroz.si/en/discover/portoroz>). Portorož-Portorose can be reached by plane (Ljubljana, Trieste and Venice), by train (Koper and Trieste) and by road.

CONFERENCE VENUE: GRAND HOTEL BERNARDIN

The 9th Conference of the Federation of the European Zeolite Associations (FEZA2023) will be held at the Grand Hotel Bernardin Convention Center located in the St. Bernardin Hotel and Conference Resort. The name comes from the Italian San Bernardino (Saint Bernardino in English) and refers to the 15th century monastery of St. Bernardin. The ruins of the bell tower of the church now serve as the resort's central marker. The Grand Hotel Bernardin Convention Center can accommodate up to 2600 people and features several multi-purpose rooms, state-of-the-art audiovisual and telecommunication equipment, and experienced on-site staff.
